Elder E. W. Marcum filled his regular appointment at the Christian Church Saturday and Sunday.

Our new mill at this place is doing a good business. There is a good opening here for a blacksmith.

The grip has been serving some pretty rough in this section, but not so bad as it did that fellow at Hunt.

On account of snow being drifted on the pike, we failed to get any mail Wednesday, but she came "balling" in Thursday.

All the correspondents of the Winchester papers are aiming to form an association with Dr. Snowden President. We think this a good thing. But how about our neighbor Powell paper? Why not join in with us?

Last week we mentioned that W. R. Matherly was going to move to this place. We thought we had been reliably informed, but it has proved to be a mistake. Charley Crow has rented the John Matherly place and will run a blacksmith shop. Success to you, Charley.

THE VICE OF NAGGING.

Clouds the happiness of the home, but a nagging woman often needs help. She may be so run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it and become healthy and happy. Try it. Only 50c. C. C. Lum. & Stave Co. guarantee satisfaction.

Sheriff Garrett and brother were in the Fork precinct last week extending invitations to our boys to be in readiness to attend Quarterly meeting which will convene Monday the 24th. The Fork will show up with a big lot of delegates.

Some few of our neighbor boys are looking for cheap hash & in our neighboring counties until Quarterly court is over. What is left seem to be strict church members. It would be a big job to borrow a pistol to shoot a mad dog with for the next two weeks, and moonshine whisky is a thing of the past.

Uncle John S. Williams has 10,000 young peach trees of nice size and extra quality which he offers to sell at one cent each. Uncle John wants only pay for digging up the rest to be considered a gift to the buyer. We never saw nicer trees bought from any nursery than uncle John has for one cent.

John O. Weathers, of Sams, has arranged with Berryman & Elkin, of this place to order one dozen pair large green spectacles which he intends placing on his cattle. He feels assured that by so doing he can have his cattle to do well on broomsage of which he has a large boundary. Many others are anxiously awaiting the test.

WOULD SMASH THE CLUB.

If members of the "Hay Fever Association" would use Dr. King's New Discovery for Consumption, the club would go to pieces, for it always cures this malady, and asthma, the kind that baffles the doctors—it wholly drives from the system. It conquers grip, saves little ones from croup and whooping cough and is positively guaranteed for all throat and lung troubles. 50c, \$1 00. Trial bottles free at Clay City Lum. & Stave Co.

Made His Own Coffin.

Elly Hill, of the Forest Hill vicinity, who is 87 years old has a curiosity in the shape of a coffin that he made twenty-five years ago. Mr. Hill made the coffin to be buried in. It it made from one-inch black walnut, and for the past twenty-five years he has used it for a wheat bin.—Valley View Argent.

The Dead-Beat's Luck.

The dead beat sat in his easy chair, Reading the current news From his neighbor's paper over there He had borrowed to peruse.

Sometimes a man says to me: "Don't you take the local news?" I just tell him no, since I haven't that much money to lose.

For you see we live in sight Of a man who takes a few, And I just go over at night And borrow one or two.

Now, the editor has very little to do; He sits in his high stool And writes whatever he pleases to, If that makes you and me a fool.

Now, of course it costs him some To keep the thing in trim; But must I work from sun to sun And give my money to him.

Now, don't misunderstand me here, And think I am down right poor; I've got plenty of money sir, To pay you for your paper or more.

But I went over the other night To post myself on the trader's page; As I returned I got such a fright, I run, regardless of my age.

In my flight, I tore my clothes; And snugged my Sunday shoes; Against the fence I struck my nose, Which made an awful bruise.

My doctor bill and tailor's fee Was twenty-one dollars down, You see that money would furnish me With papers many years 'round.

So think I'll leave my dead beat ways And subscribe for papers now, Give the printer some needed praise, And to the editor bow.

—Winchester Sentinel

A man was afraid of thunder and crawled into a hollow log as a place of safety, says a truthful exchange. The thunder roared and the rain poured down in torrents. The log began to swell and the poor fellow was wedged in. Past sins began passing before him. Suddenly he remembered he had not paid his subscription to his local paper, and then he felt so little that he was able to back right out.

Opportunities that have passed seldom come back to the man who waits.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

Manufacture of Tobacco.

The manufacture of tobacco is the most important industry in the State of Kentucky. In 1900 337 establishments, with \$9,451,725 capital, employed 5,838 wage-earners, about 10.9 per cent. of the wage-earners of the State, and the product was valued at \$21,022,111, over 14.2 per cent. of the total value of the manufactured products of the State. In 1890 there were 261 establishments, with an aggregate capital of \$4,890,851, employing 5,425 wage-earners, and the production was valued at \$11,321,375. The increase in value or products during the decade was \$10,600,736, over 93 1/2 per cent.

You have good reason to fear an attack of pneumonia, when you have a severe cold, accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough remedy and use it as directed and it will prevent the threatened attack. A Printer Greatly Surprised.

"I never was so much surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Crook, pressman of the Asheville (N. C.) Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so bought a bottle of it and before using two-thirds of it my rheumatism had taken its flight and I have not had a rheumatic pain since."

When you go to your postoffice for your mail don't fail to open your letters and papers in the office. Scatter the paper over the floor. When the floor is nicely littered it looks as though Uncle Sam was doing business. Muck it up like your parlor and your kitchen. Then get mad and fear the paper into tiny bits and scatter them about. It tickles the postmaster immensely when sweeping up time comes around.

Having a Run on Chamberlain's Cough Remedy.

Between the hours of eleven o'clock a. m. and closing time at night on Jan. 25, 1901, A. F. Clark, druggist, Glade Spring, Va., sold twelve bottles of Chamberlain's Cough Remedy. He says: "I never handled a medicine that sold better or gave better satisfaction to my customers." This remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by all dealers in patent medicines.

Nobility Recommends Nervine.

The above portrait is that of Countess Mogelstud, of Chicago, Ill., whose gratitude for the benefit received from the use of Dr. Miles' Nervine prompted her to make this statement:

"It affords me great pleasure to add my testimony to the very excellent merits of Dr. Miles' Nervine. Although I am past 80 years of age, I find it soothes the tired brain, quiets the irritated nerves and insures restful sleep. I never feel contented without a bottle of it in the house." Gratefully yours,
CHRISTIANA MARIA,
Countess Mogelstud.

THE GREAT TONIC LAXATIVE

If you have sour stomach, indigestion, biliousness, constipation, bad breath, dizziness, inactive liver, heartburn, kidney troubles, backache, loss of appetite, insomnia, lack of energy, bad blood, blotched or muddy skin, or any symptoms and disorders which tell the story of bad bowels and an impaired digestive system, Laxakola Will Cure You.
